The Time to Shine Project will not tolerate such actions against its staff, and the employee or volunteer concerned should inform their project leader at once that this has occurred. The Time to Shine Project will fully investigate and take all reasonable steps to ensure such harassment does not happen again.

9. MONITORING

9.1 The Time to Shine Project deems it appropriate to state its intention not to discriminate and assumes that this will be translated into practice consistently across the organisation as a whole. Accordingly, a monitoring system will be introduced at the point of personnel expansion from the founding members to measure the effectiveness of the policy and arrangements, by direction from the board of trustees. These measures will include:

9.1.1 The system will involve the routine collection and analysis of information on employees by gender, marital status, ethnic origin, sexual orientation, religion / beliefs, grade and length of service in current grade. Information regarding the number of staff who declare themselves as disabled will also be maintained.

9.1.2 There will also be regular assessments to measure the extent to which recruitment to first appointment, internal promotion and access to training/development opportunities affect equal opportunities for all groups.

9.1.3 We will maintain information on staff who have been involved in certain key policies: Disciplinary, Grievance and Bullying & Harassment.

9.1.4 Where appropriate equality impact assessments will be carried out on the results of monitoring to ascertain the effect of The Time to Shine Project policies and our services / products may have on those who experience them.

9.2 The information collected for monitoring purposes will be treated as confidential and it will not be used for any other purpose.

9.3 If monitoring shows that The Time to Shine Project, or areas within it, are not representative, or that sections of our workforce are not progressing properly within The Time to Shine Project, then an action plan will be developed to address these issues. This will include a review of recruitment and selection procedures, The Time to Shine Project policies and practices as well as consideration of taking legal Positive Action.
